TO ALL RADIO AMATEURS: The Amateur Radio Emergency Service (ARES) is a voluntary organization of licensed radio amateurs who have registered their capabilities and equipment for providing emergency communications in the event of natural disaster, when regular communications fail or are inadequate. Sponsored by ARRL, ARES functions at the local level to meet local communications needs.

Experience has proven that radio amateurs respond more capably in time of emergency when practice has been conducted in an organized group. There is no substitute for experience gained before the need arises.

To register, send this form to your EC, listed below. *ARRL membership is NOT required for registration.* Registration does not require possession of any specially designed equipment. All amateurs can be of assistance to ARES.

Won't you join us in providing this essential Amateur Radio Service?

Your EC for Prince William County, Virginia is:
David A. Lane, KG4GIY
9327 Camphor Court
Manassas, VA 20110
+1.703.628.3868
ec@pwcares.org
...when all else fails

So that your skills and equipment can best be utilized, please fill in this section as accurately as possible and update the information as needed.

Please indicate your license class and CW abilities:

☐ Novice ☐ Technician ☐ Technician Plus
☐ General ☐ Advanced ☐ Extra
